

**PIVOT**  
**Contemporary Walnut**

The MASTERGRAIN™ Fiberglass Pivot Door is a testament to innovation and complete elegance in entry door system design. This pivot door features a molded fiberglass door panel in a Walnut woodgrain with a pillowed feature and a completely custom integrated illuminated handle. The transom extends the panel design for a seamless and contemporary look. The door's sidelite provides light and visibility to the interior of the home. Both the transom and sidelite are available with solid panel or glass options.

**Recommended Stain Colours**
